

Flood Relief Road Trip

Janine Brandt and Tracey Toal from A.D. Ryan's Bar & Restaurant Diamond Creek along with their good friends Mick & Mere's Abrey of RUCKUS Aust Premier Country Rock Band are planning on a road trip to QLD on 3rd April 2011.

Their Aim ~ Is to

1. Take donations in vouchers and cash to give directly to families in need which may be used for purchasing wanted items or for a well deserved night out, or away to recover from their personal emotions and devastation.
2. To run some bodies business for a day or two to give those persons a day or weekend off. Should it be a pub or restaurant they not only have the benefit of a Chef, Bar Attendants but Mick Abrey strumming the Guitar with good Aussie tunes.
3. To assist in areas that still need a clean up.
4. To give moral support with their back ground knowledge of working in the Black Saturday Bushfires.

Where the money is coming from ~

1. A.D. Ryan's Bar & Restaurant have been collecting donations over the bar since approx 6th January 2011 and running meat raffles every Friday night since 28th January 2011
2. A.D. Ryan's combined with Ruckus are conducting a fundraiser at A.D. Ryan's on Thursday 24th February with 80% of the door charge and \$5.00 of every meal donated along with raffles and 5% of the bar takings. The aim is to raise approx \$3000.00 on the night.

All 100% monies donated will be given directly to flood victims.

Janine, Tracey, Mick and Mere's will be paying for their own fuel, food and accommodation for the 10 – 12 days they will be on the road trip. However if any person or company would consider sponsoring the road trip it would be greatly appreciated and advertised extensively, combined with a daily blog and updates on Face book.

Over the Easter break, Janine and Tracey will be conducting another road trip and doing exactly the same for Flood survivors in Victoria.

Destinations ~

Both destinations are still to be exactly determined. Tracey is working with persons through out QLD whom are Technicians with an Eftpos company which live all over QLD and are dealing with the devastations and who are aware of the areas most needed. Dependant on personal recommendations will be where the road trip stops, many stops may occur along the way.

In Victoria, Janine & Tracey are working with the Federal M.P for Emergency Services; Miss Danielle Green who has currently visited some 15 flood devastated towns. Danielle will direct the road trip on where Love, Support and Assistance are needed.

As many people would like to see the monies raised go Direct to those affected we hope you will entrust in us to achieve and deliver on your behalf.

Go Aussies!
